Downtown Hammond Council is furnishing all Hammond businesses and professionals with a Bicentennial poster on which we are asking them to trace their roots, traditions and history in Hammond. It is an effort to make people aware of Hammond's place in the Bicentennial. On these posters we are encouraging people to display pictures, paper clippings or any memorabilia they have collected. This project started last July and will continue until July 1976.

Any school, student, club, organization or individual who participates in a 1976 Bicentennial event can receive a Braid Award.
